Meeting at Liquid State afterwards Social Hour

## **Adjournment**

1. Is this offered Zoom so that those who are working or can not make it for various reasons can participate?  
Yes, this meeting will continue to be offered via zoom for those not able to attend in person.
2. Is there a reason why we do not hold these in the bunkroom?  
Yes there is a reason, the Union is a separate organization from Bangs Ambulance and therefore it is good to have a separate space.
3. Allowing everyone to participate in person?
4. This is for the whole company, correct?
5. Why do we have to keep off site going?
6. Wouldn't you want to start gaining the trust of the company right now?
7. Will everyone be required to pay union dues?
8. One year from the certification we can have the vote to decertify the union correct?
9. At what point is the union going to follow through on its promise to correct the misinformation that was presented about Bangs not providing any mental health services
10. Where is the press release or corrections for that?

11. Why are the minutes of the meetings not sent out to the supposed membership?
  
12. You need to update your email list since there are multiple people on it that no longer work at Bangs. Why are you sending information to them?
  
13. When will we see the list of negotiation requests from the union?
  
14. What is the plan to try and unify the company since there is still a dramatic split between pro/anti union?
